## Technical Skills

---

**Programming Languages:** JavaScript, Python, Typescript

**Databases:** SQL, MySQL, MongoDB, PostgreSQL

**Frameworks & Libraries:** Node.js, Express.js, React.js, Redux Toolkit, Cloudinary

**System Design & Concepts:** System Architecture, APIs, Auth & Authorization, Deployment

**Web Technologies:** HTML, CSS, Tailwind CSS, Responsive Design

**Tools & Platforms:** Git, GitHub, Postman, VS Code, Eclipse, Cursor, Render, Payment Gateway

## Experience

---

### Web Developer

Sept 2024 – Sept 2025

*Hi-Technic Systems and Services - Mumbai*

- Developed and deployed \*\*scalable web solutions\*\*, collaborating effectively with senior developers and internal stakeholders.
- Led the development of the \*\*entire backend ecosystem (MERN)\*\*, focusing on robust authentication, efficient RESTful API design, and optimized database modeling.
- Enhanced the frontend user experience by leveraging \*\*React, TypeScript, and Tailwind CSS\*\* to create highly responsive and seamlessly integrated user interfaces.
- Improved application performance and long-term maintainability by implementing \*\*clean code principles and a modular architecture\*\*.
- Implemented secure \*\*JWT-based authentication\*\* and integrated reliable \*\*RESTful APIs\*\* to ensure controlled and reliable user access.

### Full Stack Training

Jan 2023 – June 2023

*RstForum - Mumbai*

- Designed and developed a major \*\*e-commerce project\*\*, demonstrating proficiency in building scalable full-stack applications.
- Managed the end-to-end development of the application's \*\*full-stack MERN ecosystem\*\*, including authentication, API design, database modeling, and \*\*Redux State Management\*\*.
- Built a responsive and dynamic frontend using \*\*React, Redux, and Tailwind CSS\*\*<sup>2</sup>, focusing on excellent UI/UX design and seamless integration.
- Championed code quality and system performance by enforcing \*\*clean code standards\*\* and a \*\*modular architectural approach\*\*.

## Projects

---

### BlogSy | MERN Stack

- Engineered a dynamic blogging platform featuring **secure user authentication, profile management, and full CRUD operations** for blog posts.
- Designed social engagement features such as **follow/unfollow, favourites, trending/latest filters, and timestamped comments** to boost user interaction.

## PetsCare | MERN Stack (TypeScript)

- Developed a full-featured **pet care management system** for tracking appointments, health records, treatments, and vaccinations.
- Created secure and type-safe backend APIs using TypeScript, improving reliability and reducing runtime errors.
- Implemented user-friendly dashboards that help owners and clinics maintain accurate pet medical histories.

## RST Store | MERN Stack

- Developed a robust **e-commerce platform** with authentication, product listings, order management, and secure **PayPal payment integration**.
- Built an efficient **admin dashboard** to manage inventory, update product details, and maintain store operations.

## Travelify | MERN Stack

- Developed a comprehensive **travel-planning and tour management platform** tailored for tourists and travel agencies.
- Handled major backend responsibilities including building RESTful APIs, user authentication, and integrating future-ready features for scalability.
- Collaborated on feature planning, enhancing booking management, destinations, and travel package modules.

## Certifications

---

### Full Stack JavaScript Web Development Training

*RST Forum, Dadar - Mumbai*

Feb 2023 – Jun 2023

### ANIIT in Cloud and Mobile Software Engineering

*NIIT Institute, Delhi (Remote)*

Jun 2019 – May 2022

### AI Foundations and Infrastructure

*Oracle University (Remote)*

Oracle University, 2025

## Awards & Achievements

---

### Black Belt in Martial Arts Karate

*Mumbai Karate Association*

2013

- Secured **Silver and Bronze medals** from Kerala Sports Institution for outstanding performance in Karate competitions. Also participate and won silver medal in Akshay Kumar Competition.
- Recognized for **discipline, skill, and commitment** in training and representing the association in state-level tournaments.

## Education

---

### Maharshi Dayanand College, Mumbai University

*Bachelor of Arts (BA), CGPA: 8.0*

Graduated: 2023

*Mumbai, Maharashtra*

### Sungrace English High School

*Secondary School Certificate (SSC)*

Completed: 2017

*Mumbai, Maharashtra*

## Hobbies

---

 Martial Arts (Karate)

 Cricket Outdoor Sports
